here is an important new book focusing on the contribution of the therapist's love and empathy to the therapeutic process technique without dedication discipline and understanding will rarely benefit patients nor help resolve their conflicts psychoanalytic technique demonstrates how the therapist's countertransference feelings anxieties wishes and superego admonitions shape his or her therapeutic interventions

while there has been a gradual increase in scholarship on men ageing and masculinities little attention has been paid to the social relations of men in later life and the implications for enhancing their social wellbeing and counteracting ageist discourse bringing together scholars in social gerontology and the social sciences from across global north and south nations this collection fills the gaps in key texts by foregrounding older men's experiences it provides new perspectives across the intersections of old age ethnicities class and sexual and gender identity paying particular attention to older men from seldom heard or marginalised groups

this innovative book provides a new conceptual analysis of loneliness a condition associated with severe health consequences including increased morbidity and early death arguing that social connection is not the only answer it explores pathways for transforming loneliness to healthy solitude the first part of the book draws on the humanities and

arts including psychology philosophy and literature to analyse the common and potentially serious problem of loneliness it makes the case that the condition is less a deficiency than a state of self disconnection that modernity feeds through social forces the second part of the book looks at how person centred health care can help educate persons to transform loneliness into healthy solitude it provides an analysis of self connection and spiritual connection discussing how these forms of contact can mitigate risks associated with both lack of social connection and social connection itself such as self disconnection and rejection by others it goes on to demonstrate that connection to the self and spirit can make aloneness a resource and facilitate access to benefits of connecting with others this thought provoking book provides students scholars and practitioners from a range of health and social care backgrounds with a new way of thinking about researching and practising with lonely people

traditionally men s mental health woes have been attributed to male stubbornness and rigid notions of masculinity however there is growing recognition that mental health issues in men are socially determined by a range of factors including family educational occupational and legal issues these and a variety of other social issues have been collectively labelled men s issues and are being increasingly linked to negative men s mental health outcomes this book gives an overview of men s mental health as well as related men s issues adopting a public health inspired approach examining the research linking social exposures and mental health outcomes the book is unique in that it synthesizes and explores men s issues men s mental health and social determinants in a holistic and integrated manner through assessment of the social scientific and psychiatric literature in this book the author discusses the social determinants of men s mental health and accompanying psychosocial interventions moving beyond one dimensional discussions of masculinity among the topics covered are the social determinants of male suicide attention deficit hyperactivity disorder in young males the medicalization of boyhood why do men have low rates of formal mental health service

utilization an analysis of social and systemic barriers to care and discussion of promising male friendly practices the gender gap in education understanding educational underachievement in young males and its relationship to adverse mental health employment unemployment and workplace issues in relation to men s mental health men s issues and men s mental health an introductory primer is essential reading for healthcare practitioners and social service providers including psychiatrists psychologists social workers occupational therapists counsellors teachers charity workers health promotion specialists and public health officers it is also a useful text for graduate and advanced undergraduate students in health care social services public health epidemiology and social sciences particularly sociology psychology and gender studies finally the book can be read and understood by an intelligent lay reader making it accessible for the wider public

are sex and gender really two different things how malleable is gender identity do both gender and sex have to be conceptualized as binaries as having two distinct but complementary categories should we emphasize gender differences or is that the wrong question when should we call a gender difference small are women really nonaggressive or does that label stem from stereotyping how does subtle or modern sexism work on its targets scholarship on these and other gender related questions has exploded in recent years hilary lips synthesizes that research for students in an accessible and readable way concepts on sex and gender are presented with the social context in which they were developed as in previous editions lips takes a multicultural approach discussing the gender experiences of people from a wide range of races cultures socioeconomic statuses and gender and sexual identities she emphasizes empirical research but takes a critical approach to that research
